OFFICIAL EIT COLLEGE EMAIL — YOUR DIGITAL PASSPORT

One Email. Every Tool. Unlimited Opportunity.

Every student who joins EIT receives an official institutional email address on the EIT domain. This is not just an email — it is a verified academic credential recognised by Apple, Google, Microsoft, Amazon, GitHub, Adobe, and over 100 global technology companies. Every premium tool, AI subscription, cloud credit, and student offer in this brochure flows from this single address. It is the highest-value thing EIT hands you on day one — and most students don't realise it until years later.

WHY THIS MATTERS

- Verified academic identity accepted by all major tech companies worldwide
- Unlocks GitHub Student Developer Pack (100+ tools worth ₹1.5L+/year)
- Activates Microsoft 365 full licensed suite including Copilot AI
- Enables free access to Cursor Pro, Figma, Notion Plus, Perplexity AI
- Required for AWS Educate, Coursera, UNiDAYS, and 50+ other platforms
- Your official channel for academic communication, results, and notices

STUDENT BENEFITS

Instant Access

Activated on the day of admission — no waiting, no paperwork beyond enrollment.

₹1,50,000+ Annual Value

Combined value of all tools unlocked through this email address.

Permanent Credential

Your EIT email is your academic identity throughout your entire degree.

ERP Dashboard Access

Single login to the EIT ERP — attendance, results, fees, notices, timetables, all in one place.

WHAT IT UNLOCKS

Your college email is worth more than most people earn in a year.

## GITHUB STUDENT DEVELOPER PACK

100+ Professional Tools. Zero Cost. From Day One.

The GitHub Student Developer Pack is one of the most valuable student offers in the technology world — a curated bundle of over 100 premium developer tools and services, all free, all verified through your EIT institutional email. These are not demos or limited versions. They are the exact professional tools used at Google, Amazon, Netflix, and Spotify. EIT hands every student the key to this pack from the day they join.

### WHAT'S INSIDE

- **GitHub Copilot Pro** — AI code completion & chat in your editor. Normally ₹1,600/month. Free.
- **GitHub Codespaces** — Full cloud development environment, code from any browser
- **JetBrains IDEs** — IntelliJ, PyCharm, WebStorm & more. Normally ₹20,000+/year. Free.
- **Namecheap Domain + SSL** — Free .me domain & SSL certificate for your portfolio/startup
- **DigitalOcean** — \$200 in cloud server credits to deploy real applications
- **Datadog Pro** — Enterprise monitoring used by Airbnb, Spotify, NYT. Free.
- **Bootstrap Studio** — Professional web design tool, normally \$60/year. Free.
- **MongoDB Atlas** — Cloud database credits for real project backends
- **Heroku Credits** — Cloud app deployment credits
- **Canva Premium** — Full design platform via the student pack
- **Mailchimp** — Email marketing platform for startup/project use
- **90+ more tools** — Security, design, deployment, databases & more

### STUDENT BENEFITS

#### Copilot Pro — AI Coding

Code suggestions, explanations, and debugging with AI inside every IDE.

#### Real Cloud Deployment

\$200 DigitalOcean credits — deploy live apps the way professionals do.

#### Pro IDE Suite

JetBrains full suite — the same IDEs used by developers at top product companies.

#### Portfolio Domain

Free .me domain — publish your portfolio, your project, or your startup idea live.

### KEY TOOLS AT A GLANCE

|                    |                                      |
|--------------------|--------------------------------------|
| GitHub Copilot Pro | AI coding assistant, ₹1,600/mo value |
| GitHub Codespaces  | Cloud-based dev environment          |
| JetBrains All IDEs | IntelliJ, PyCharm, WebStorm...       |
| Namecheap Domain   | Free .me domain + SSL 1 year         |
| DigitalOcean       | \$200 cloud hosting credits          |
| Datadog Pro        | Enterprise app monitoring            |
| Bootstrap Studio   | Professional web design              |
| MongoDB Atlas      | Cloud database for projects          |
| Heroku             | App deployment credits               |
| Canva Premium      | Full design toolkit                  |
| Mailchimp          | Email marketing platform             |
| Postman            | API development & testing            |
| Stripe Credits     | Payment integration for apps         |

Free access via GitHub Education — verified through your EIT institutional email.

### CAREER OPPORTUNITIES

AI/ML Engineer

//

*Build like a professional from semester one.*

MICROSOFT 365 + CURSOR PRO + PERPLEXITY AI

Office Suite. AI Code Editor. AI Research Assistant — All Free.

Three of the most impactful tools a student can have in 2026 — a full licensed Microsoft office suite with built-in AI, the world's leading AI code editor, and an AI research assistant that cites sources — all free for every EIT student through institutional verification.

MICROSOFT 365 EDUCATION

- Full licensed Word, Excel, PowerPoint, OneNote — not the free web version
- Microsoft Teams — for collaboration, group projects, faculty communication
- OneDrive 1TB — all files backed up, accessible from any device
- Microsoft Copilot AI in Word, Excel & PowerPoint — AI writing, formulas, summaries
- Same suite used in corporate environments worldwide

CURSOR PRO — AI CODE EDITOR (1 YEAR FREE)

- Used daily by students at Stanford, MIT, Harvard & Cambridge
- AI generates code, explains errors, writes tests — inside your editor in real time
- Integrates GPT and Claude AI models directly into VS Code-based environment
- Normally ₹20,000/year — free for verified students through EIT email
- Even non-CS students use it to automate spreadsheets, write scripts & build projects

STUDENT BENEFITS

Licensed Office Suite

No more unlicensed software — work on the tools the corporate world runs on.

AI Inside Every App

Microsoft Copilot writes in Word, builds formulas in Excel, designs in PowerPoint.

Cursor Pro Free Year

₹20,000/year AI code editor — free from day one at EIT.

PERPLEXITY AI EDUCATION PRO

- AI search that cites sources — unlike chatbots, every answer has a reference
- ~300 Pro searches daily using GPT, Claude, and Gemini models
- Deep Research mode — generates structured research reports with 50+ citations
- Study Mode — creates flashcards and quiz questions from your uploaded notes
- Unlimited file uploads — upload a semester's notes and query across all of them

TOOLS COMPARISON

|                           |                                       |
|---------------------------|---------------------------------------|
| Microsoft Word + Copilot  | AI-assisted document writing          |
| Microsoft Excel + Copilot | AI formula generation & analysis      |
| Microsoft PowerPoint + AI | Auto-design slides from bullet points |
| OneDrive (1TB)            | Cloud file storage & sharing          |
| Microsoft Teams           | Group collaboration & calls           |
| Cursor Pro                | AI code generation in real time       |
| Perplexity Deep Research  | Multi-source cited research reports   |
| Perplexity Study Mode     | Flashcards from your own notes        |

CAREER OPPORTUNITIES

Software Developer

Research Analyst

Data Analyst

Product Manager

Business Analyst

Content Strategist

Every EIT student works with AI tools that professionals pay thousands for.

GOOGLE GEMINI AI · CANVA · FIGMA · NOTION

Design. Research. Organise. Create — With Premium AI Platforms.

Four premium platforms — Google's most powerful AI, the world's leading design tool, the standard for UI/UX prototyping, and the productivity workspace used by top startups — all available to EIT students through institutional access and student verification.

GOOGLE GEMINI AI (STUDENT ACCESS)

- Gemini Advanced — Google's most capable AI for writing, research, coding & analysis
- Deep Research — generates multi-source cited research reports on any topic
- NotebookLM — upload your notes/textbooks; AI reads them and answers your questions
- Gemini in Google Docs, Sheets & Slides — AI assistance inside documents
- 2TB Google One cloud storage included
- EIT onboarding team guides every student through activation

CANVA FOR EDUCATION

- Premium design platform — presentations, resumes, posters, social media, reports
- Thousands of professional templates + AI design assistant
- Brand kits, team collaboration, and print-quality export
- Used by marketing professionals worldwide — students graduate design-fluent

STUDENT BENEFITS

NotebookLM Study Tool

Upload an entire semester of notes — AI creates summaries, flashcards & study guides.

Professional Design

Canva Premium + Figma Professional — design skills companies actively recruit for.

Organised Knowledge

Notion Plus — notes, projects, databases & AI writing in one workspace.

FIGMA FOR EDUCATION

- Industry-standard UI/UX design tool used at Google, Apple & Airbnb
- Professional plan — unlimited design files, version history, real-time collaboration
- Prototyping, Dev Mode for design-to-code handoff, and AI design credits
- Used by every product company's design team in the world

NOTION EDUCATION PLUS

- All-in-one workspace — notes, wikis, project boards, databases, team collaboration
- Unlimited pages & uploads — organise your entire academic life in one place
- Notion AI (50% off for students) — drafts content, summarises notes, action items
- Used by top startups worldwide as their knowledge management system

PLATFORMS AT A GLANCE

|                        |                               |
|------------------------|-------------------------------|
| Google Gemini Advanced | AI writing, research & coding |
| Google NotebookLM      | Study from your own notes     |
| Gemini Deep Research   | Cited multi-source reports    |
| Canva Premium          | Professional design creation  |
| Figma Professional     | UI/UX design & prototyping    |
| Notion Plus + AI       | Knowledge management suite    |

CAREER OPPORTUNITIES

- UI/UX Designer
- Product Designer
- Content Creator
- Marketing Executive
- Research Analyst
- App Developer

Design. Research. Organise. Build. All with AI. All free.

AWS CREDITS · COURSERA · UNIDAYS · FREE HOSTING & DOMAIN

Cloud. Learn. Save. Deploy. All Part of Being an EIT Student.

Beyond AI tools and software, EIT students receive cloud computing credits, access to the world's largest professional learning platform, everyday student discounts from hundreds of global brands, and the means to deploy their work live on the internet — all through their EIT institutional identity.

AWS EDUCATE — CLOUD CREDITS

- Free credits and lab access on Amazon Web Services — the world's #1 cloud platform
- Hands-on practice with EC2 compute, S3 storage, RDS databases, Lambda serverless
- AWS AI services — Rekognition, Comprehend, SageMaker basics
- AWS Educate Cloud 101 structured learning path included
- Real infrastructure — not simulations. Students deploy actual applications
- Foundation for AWS Cloud Practitioner certification

COURSERA — GLOBAL COURSE LIBRARY

- Courses from Google, IBM, Meta, DeepLearning.AI, Stanford & University of Michigan
- Google Data Analytics Professional Certificate — recognised by every major recruiter
- IBM Data Science Professional Certificate — 10-course specialisation
- Meta Front-End Developer Certificate — industry-recognised React & web credentials
- Certificates display on LinkedIn and are listed on resumes

STUDENT BENEFITS

**Real Cloud Experience**

AWS credits for deploying live applications on real global infrastructure.

**World-Class Certificates**

Coursera certificates from Google, IBM, Meta — recognised internationally.

**Everyday Savings**

UNIDAYS discounts on Apple, Samsung, Nike, Spotify, ASOS & 200+ brands.

**Live Deployed Projects**

Free hosting & domain support — your project goes live on the internet, not stays on a laptop.

UNIDAYS — STUDENT DISCOUNT PLATFORM

- Global student discount platform — exclusive deals from 200+ leading brands
- Apple, Samsung, Lenovo — significant discounts on tech hardware
- Spotify & YouTube Premium — student pricing via UNIDAYS
- Nike, ASOS — fashion and lifestyle brands with student rates
- Food, travel, entertainment discounts — real everyday savings
- Verified instantly through your EIT institutional email

FREE HOSTING & DOMAIN

- Namecheap .me domain free for 1 year (via GitHub Student Pack)
- Deploy on GitHub Pages, Vercel, or Netlify — all free for students
- DigitalOcean \$200 credits for full server deployment
- EIT guidance on choosing the right platform for each project type
- A live, deployed project is among the strongest placement portfolio signals

PLATFORMS AT A GLANCE

|                         |                                 |
|-------------------------|---------------------------------|
| AWS Educate             | Cloud credits & structured labs |
| AWS Cloud 101           | Beginner cloud learning path    |
| Coursera — Google Cert  | Data Analytics Certificate      |
| Coursera — IBM Cert     | Data Science Professional Cert  |
| Coursera — Meta Cert    | Front-End Developer Certificate |
| UNIDAYS                 | 200+ brand student discounts    |
| Free Domain (Namecheap) | .me domain + SSL, 1 year free   |
| Free Hosting            | Vercel / GitHub Pages / Netlify |

CAREER OPPORTUNITIES

Cloud Engineer

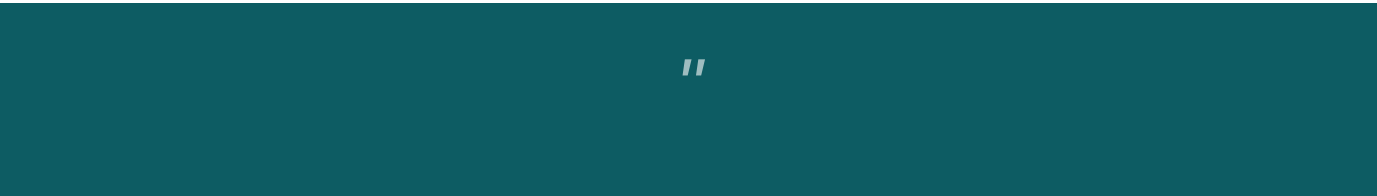

AWS Practitioner

DevOps Engineer

Web Developer

Data Analyst

Solutions Architect

*Deploy real applications on real cloud infrastructure — before you graduate.*

## IIT BOMBAY ONLINE COURSES · SELF-LEARNING LIBRARY · WEBINARS

Learn from IITs. Certify with Industry. Grow Beyond the Syllabus.

EIT students earn certifications from IIT Bombay through national e-learning platforms, access a curated self-learning library across every domain, and attend regular webinars with industry professionals — building credentials that no university syllabus alone can provide.

### IIT BOMBAY ONLINE COURSES (NPTEL/SWAYAM)

- Self-paced certification courses offered through IIT Bombay's national e-learning initiatives
- Programming, Data Structures, AI, Machine Learning, Databases, Networks & more
- Certificates carry the IIT Bombay name — powerful in job applications and higher studies
- SWAYAM credits can be mapped to your degree credit system (AICTE guidelines)
- Exams held at registered centres — credentials are official and verifiable
- No extra cost — EIT facilitates enrollment and exam preparation

### INDUSTRY-INTEGRATED TRAINERS

- Certified trainers from industry deliver sessions alongside regular faculty
- Students trained on real tools, workflows, and standards used in companies
- Faculty Development Programmes (FDP) ensure teaching stays current with industry
- Guest lectures by working professionals every semester

### STUDENT BENEFITS

#### IIT Brand Certificates

Add IIT Bombay certification to your resume — alongside your EIT degree.

#### SWAYAM Credit Transfer

Online course credits may be applied to your degree (AICTE aligned).

#### Self-Paced Learning

Learn at your own pace, on any device — no classroom constraint.

### SELF-LEARNING COURSE LIBRARY

- Curated access to learning resources across programming, data science, design & communication
- NASSCOM FutureSkills Prime — India's national digital skilling platform, free for students
- Infosys Springboard — free courses on emerging technologies from India's IT leader
- TCS iON Career Edge — career readiness, aptitude & communication programmes
- Great Learning Academy — Data Science, AI, Cloud free courses with certificates
- Google Career Certificates — structured pathways for non-CS students too

### REGULAR WEBINARS & EXPERT SESSIONS

- Industry professionals, entrepreneurs & researchers speak every semester
- Career path guidance from people currently working in target roles
- Higher studies sessions — GATE, CAT, GRE, TOEFL guidance from alumni
- Hackathon preparation & competition strategy workshops

### COURSES AT A GLANCE

|                             |                                        |

“

*An IIT certificate. A degree from EIT. The best of both worlds.*

13 INDUSTRY COE LABS — COMPANY-WISE COURSES & CERTIFICATIONS

Learn With Apple. Google. Microsoft. AWS. Cisco. Oracle. IBM. Intel. NVIDIA. And More.

EIT's Centre of Excellence programme integrates 13 global industry partners directly into your semester curriculum. You don't just study about these companies — you learn with them, on their platforms, with their certified trainers, earning their globally recognised certifications. Every lab below maps to specific semesters so your skills build progressively across your degree.

WHY THIS IS UNIQUE

- 13 industry partners — Apple, Google, Microsoft, AWS, Cisco, Oracle, IBM, Intel, NVIDIA, NASSCOM, Pearson, KPMG, Orangewood
- Semester-mapped curriculum — each lab integrated into your specific branch & year
- Certified trainers from industry deliver official company curriculum on campus
- Free online courses mapped to each lab (self-paced, 6–90 hours each)
- Industry-recognised certifications included — not just completion certificates
- One of the most comprehensive COE ecosystems in Delhi NCR

STUDENT BENEFITS

Graduate with 5–8 Certs

Systematic lab-by-semester plan means students earn multiple industry certifications across their degree.

Real Company Tools

Hands-on with Azure, AWS, Cisco Packet Tracer, NVIDIA GPUs, Oracle DB, Swift & more.

Placement-Ready Skills

Certifications that appear in job postings — AZ-900, AWS CCP, CCNA, NVIDIA DLI, Oracle, IBM Badges.

Certified Industry Trainers

Microsoft Certified Trainers, NVIDIA DLI Instructors, NetAcad Instructors — on campus.

LAB-WISE CERTIFICATION SUMMARY

|                |                                                 |
|----------------|-------------------------------------------------|
| Google Lab     | Cloud Badges, GenAI, Data Analytics Certs       |
| Microsoft Lab  | AZ-900, SC-900, AI-900, DP-900, Power BI        |
| AWS Lab        | Cloud Practitioner (CCP), SAA Prep              |
| Cisco Lab      | CCNA, CyberOps Associate, NetAcad Certs         |
| Oracle Lab     | Oracle Academy, OCI AI Foundations              |
| IBM Lab        | IBM Digital Badges, SkillsBuild Credentials     |
| Intel Lab      | Intel AI Certification, Unnati Certificate      |
| NVIDIA Lab     | NVIDIA DLI Certificates (Deep Learning, GenAI)  |
| NASSCOM Lab    | FutureSkills Prime + SSC NASSCOM Assessment     |
| Pearson Lab    | Pearson IT Specialist (Python, Java), Certiport |
| Apple Lab      | Apple Development with Swift Certificate        |
| KPMG Lab       | Business Analytics & Professional Dev Creds     |
| Orangewood Lab | Robotics & Automation Project Credentials       |

CAREER OPPORTUNITIES

- Cloud Engineer
- AI/ML Engineer
- Network Engineer
- iOS Developer
- Data Scientist
- Cybersecurity Analyst
- Full Stack Developer
- Robotics Engineer

Graduate with a degree — and the certifications that get you hired.

## SANKALP — THE STUDENTS' SOCIETY · 20+ ACTIVE CLUBS

**Lead. Perform. Compete. Serve. From Semester One.**

Sankalp is EIT's umbrella student organisation, housing 20+ active clubs where every student finds their community, earns a leadership role, and builds skills that marks alone cannot reflect. In placement interviews, two candidates with identical marks are separated by what they did beyond the classroom — and Sankalp is where EIT students build that story.

### TECHNICAL CLUBS

- **Techspire** — Hackathons, coding competitions, product ideation & tech talks
- **Electronica & Robotics Club** — Arduino, Raspberry Pi, IoT builds & robotics
- **Competitive Programming Club** — DSA practice, ICPC preparation, weekly contests
- **Microsoft Learn Student Ambassadors Club** — Official Microsoft MLSA programme; exclusive training, event budgets & company connections
- **Technova Club & Exunion Club** — Advanced projects & inter-club collaborations
- **Science Club** — Applied science experiments & research projects

### SERVICE & LEADERSHIP CLUBS

- **Samatva — NSS Unit** — Community service, blood donation, rural outreach. NSS certification carries weight in higher education & government applications
- **The Last Centre (TLC)** — Regular spiritual workshops: meditation, mindfulness, self-awareness & values-based living. Inner clarity is the competitive advantage nobody teaches
- **Marketing Club** — Real campaign execution, brand strategy & industry-connected projects

### STUDENT BENEFITS

#### Leadership from Sem 1

Every club has committee roles — students lead events, manage teams & take ownership from day one.

#### MLSA Ambassador

Official Microsoft campus ambassador — event budget, company swag & direct Microsoft connections.

### CREATIVE & CULTURAL CLUBS

- **Music Club** — Vocal & instrumental, college performances & inter-college competitions
- **Beat Blaster (Dance Club)** — Contemporary, classical & folk dance; cultural fests & competitions
- **Dramatics Club** — Stage productions, street plays, mono-acts & filmmaking
- **Fine Arts Club** — Painting, sketching, digital art & creative exhibitions
- **Carpediem Club** — Literary, debate, essay writing, poetry, public speaking, Model UN
- **Fashion Club** — Styling, fashion shows & sustainability in fashion
- **Social Media & Photography Club** — Content creation, digital storytelling & brand building
- **Raso Vaisa (Food Club)** — Culinary exploration, food festivals & cultural food events

### SPORTS CLUBS

- **Outdoor Club** — Cricket, football, basketball, badminton, athletics & Annual Sports Meet
- **Indoor Club** — Chess, table tennis, carrom & inter-college tournaments

### CAREER OPPORTUNITIES

//

*Leaders are made on stages, in clubs, and on sports fields — not just classrooms.*

## CAREERS, INTERNSHIPS & REAL WORK EXPERIENCE

**Earn While You Learn. Build What Gets You Hired. Connect Before You Graduate.**

10,000+ alumni placed at Infosys, TCS, L&T, Samsung, HCL, Tech Mahindra, Wipro, Sony and more — with a highest package of ₹52 LPA. This is the ecosystem behind those results. EIT doesn't just prepare students for jobs. It puts them inside real work environments before they ever attend a placement interview.

### IN-HOUSE PAID INTERNSHIPS

- Paid internships on live EIT institutional projects — real software, real users
- ERP system, admission chatbot, college website & digital infrastructure — built by students
- Earn a stipend, build verifiable experience, deploy projects recruiters can check
- This is not a mock project. Real work, real environment, real impact

### DIGITAL MARKETING INTERNSHIP

- Manage real social media campaigns for the institute
- Run content strategy, analyse engagement data & grow an audience
- Build a portfolio of campaigns with real metrics — not just a resume claim

### COMPANY AMBASSADOR PROGRAMMES

- **Microsoft MLSA** — Official Microsoft ambassador: event budget, training & company access
- **GDG on Campus (Google)** — Google Developer Group chapter leadership
- **AWS Cloud Clubs** — AWS campus community lead role
- **GitHub Campus Experts** — GitHub's global campus representative programme
- **Postman Student Experts** — API development community leaders
- Ambassadors are often the first students those companies call when roles open

### STUDENT BENEFITS

#### **Paid Before Placement**

In-house stipend + deployed projects before sitting a single placement interview.

#### **10,000+ Alumni Network**

Alumni at Infosys, TCS, Samsung, HCL & more — mentors, referrals & mock interviews.

### HACKATHON SUPPORT

- EIT sponsors & mentors participation in Smart India Hackathon, NASSCOM events & more
- Teams receive institutional backing, mentor support & preparation resources
- Hackathon wins & participation are among the strongest technical placement signals
- Demonstrates ability to build under pressure — what certifications alone cannot show

### ALUMNI NETWORK — 10,000+ CONNECTIONS

- Alumni placed at Infosys, TCS, L&T, Samsung, HCL, Tech Mahindra, Wipro & Sony
- Return for mentorship sessions, mock interviews & GD practice every semester
- Refer current students for internships & graduate roles
- Real career intelligence from people in the jobs you are aiming for

### PLACEMENTS AT A GLANCE

|                               |                                              |
|-------------------------------|----------------------------------------------|
| <b>Highest Package</b>        | ₹52 LPA                                      |

## SCHOLARSHIPS · CAMPUS · INFRASTRUCTURE · STUDENT SUPPORT

### 17.5 Acres. Smart Campus. Scholarships. Diamond Band Well-being Recognition.

EIT's physical campus and student support system are as carefully designed as its academic programme. A 17.5-acre smart campus in Faridabad with air-conditioned classrooms, 90+ labs, 50,000+ book library, full Delhi NCR transport, and a scholarship structure that ensures financial circumstances never prevent a talented student from accessing what EIT offers.

#### SCHOLARSHIPS

- **Brainstorm Scholarship** — EIT's own aptitude-based scholarship exam for admitted students
- **JEE Main Merit Scholarships** — tiered scholarships based on JEE Main percentile scores
- **SC/ST & Economically Weaker Sections** — state and national scholarship schemes facilitated
- **Sports Quota** — scholarships for students with outstanding sports achievements
- Admissions team personally guides every eligible student through the application process
- Education loan assistance through bank tie-ups for families who need it

#### SMART CAMPUS INFRASTRUCTURE

- 17.5-acre campus in Faridabad (Delhi NCR)
- Fully air-conditioned classrooms with theatre-style seating & interactive panel boards
- 90+ industry-integrated laboratories, 23 Centres of Excellence
- Central library — 50,000+ books, digital e-library, past papers & journals
- NDLI Club membership — access to National Digital Library of India (millions of free resources)
- Wi-Fi campus, CCTV-monitored, power backup throughout

#### STUDENT BENEFITS

##### Brainstorm Scholarship

EIT's own merit-based scholarship exam — talent is never limited by circumstances.

##### Diamond Band Well-being

R. World Diamond Band recognition — among India's best for student mental health & well-being.

#### TRANSPORT & ACCESSIBILITY

- Transport fleet covering Faridabad, Delhi, Gurugram, Noida & surrounding areas
- Regular routes across the entire Delhi NCR — no student needs to worry about commute
- Safe, reliable, institutional-operated transport system

#### MENTAL HEALTH & WELL-BEING

- **Diamond Band Recognition** — R. World Institutional Ranking for excellence in mental health & well-being
- The Last Centre (TLC) — regular spiritual workshops on campus
- Anti-ragging committee & grievance redressal cell
- Student counselling support throughout the academic year
- NSS Samatva — community service building empathy & social responsibility
